

## **EMISSION CLASSIFICATION OF BUILDING MATERIALS**

### **E.T. Listat Oy**

The classification working group set up by the Building Information Foundation RTS sr has approved the following product:

**Lacquered, painted (water-soluble) and stained, solid wooden interior panels and moulding lists**

as belonging to emission class M1 for building materials.

The classification is valid until April 24, 2022.

E.T. Listat Oy has the right to equip its classified products with the classification mark and to use this classification mark when marketing these products.

The decision is in line with the requirements laid down in the Classification of Indoor Climate 2018 and the Classification of Building Materials: General Instructions.
